

TROLLEY BAG

... complete protection
for your baby lock machine!

baby lock

TROLLEY BAG

Easy & secure on the go

Now available for the 'large' baby lock machines. It can be used to transport your machine safely and conveniently to every sewing course, workshop or meeting with sewing friends. The trolley is robust and stable, but at the same time a real lightweight.

Thanks to the many inner and outer compartments, everything is stored within easy reach: sewing feet, threads, fabrics or other accessories are safely stored here. The case can be pulled effortlessly thanks to its castors and extendable telescopic handle. Carrying handles on the sides make it easy to stow away in the boot.

At a glance

- Perfect fit for Gloria, Ovation, Acclaim & Euphoria
- Dimensions in cm (WxHxD): 60 x 50 x 40
- Height with extendable handle: 100 cm
- Empty weight: 6 kg
- 6 inside and 3 outside pockets
- low-maintenance and water-repellent surface made from hard-wearing canvas
- the case can be opened from the front for easy packing and unpacking of the machine
- easy handling thanks to castors, two-stage extensible telescopic handle and side carrying handles
